# Proceso de evaluación

# Principios de orientación para la evaluación

## Independence

- ◆ You are evaluating in a personal capacity.
- ◆ You represent neither your employer, nor your country!

## Impartiality

- ◆ You must treat all proposals equally and evaluate them impartially on their merits, irrespective of their origin or the identity of the applicants.

## Objectivity

- ◆ You evaluate each proposal as submitted, meaning on its own merit, not its potential if certain changes were to be made.

## Accuracy

- ◆ You make your judgment against the official evaluation criteria and the call or topic the proposal addresses and nothing else.

## Consistency

- ◆ You apply the same standard of judgment to all proposals.
