Four. - Candidates. The characteristics of candidates and proposals are per the section two of the terms and conditions and are set out in the following sections.

Any natural or legal person (the candidate) may submit a proposal, although the proposed speaker must be a natural person aged over 18 years and not an INCIBE employee or a student on a scholarship at INCIBE.

A minimum of 18 proposals will be selected for the Cybersecurity Summer BootCamp training programme:

- 6 workshops aimed at members of Law Enforcement Agencies who work in cybersecurity-related operational units (LEAs).
- 6 workshops aimed at technical staff working in Computer Security Incident Response Teams (CSIRTs).
- 6 workshops aimed at staff of regulatory or legislative bodies working in areas related to the legal and regulatory aspects of cybersecurity (policymakers) and current court and prosecutorial staff, government solicitors, civil servants working in the Administration of Justice (Public Prosecutor's Office, judges and prosecutors).

Given the possibility that additional needs may arise for presentations, workshops or talks in the event's schedule.

- a) Ranking of selected proposals: This list will be the best 18 proposals taking into account the limits for the types set out above and will be selected as the best proposals according to the assessment criteria set out in these terms and conditions.
- b) Ranking of reserve proposals: The selection will follow the ranking of the proposals submitted from highest to lowest score for each type starting from the proposals not selected in the previous ranking.

Five.- Proposals.

All proposed workshops should focus on cybersecurity:

- Duration: 180 minutes.
- Target audience: Technical personnel and/or professional experts in Cybersecurity.

- Price: €750.00 taxes and deductions not included.
- Types of proposed formats:
- Technical masterclasses.
- Live or pre-recorded demonstrations of technologies or techniques

Six.- The assessment process is regulated in the terms and conditions:

1. It is verified that the topic is related to cybersecurity and is one of the topics of interest described in this call for papers. Proposals that do not meet this requirement are excluded.
2. The proposals will be assessed by applying the criteria set out in section 6 of the terms and conditions. Each proposal will be assessed with a score from 0 to 100, based on the following criteria:
 - Innovation and differentiation. From 0 to 15 points.
 - Treatment. From 0 to 10 points.
 - Clarity of exposition. From 0 to 10 points.
 - Practical approach. 0 to 10 points.
 - Practical aspects. 0 to 15 points.
 - Demonstration. 0 to 15 points.
 - Resources. Points awarded: 0 to 15 points.
 - Unpublished. From 0 to 10 points.
3. A list is drawn up for each type of proposal. The ranking of the proposals will be from highest to lowest.
4. The ranking of selected and reserve proposals is drawn up as long as those proposals exceed the threshold of **60 points**
