- 02_17/05/2022, NCGC_ Cumplimiento normativo para la gestión de riesgos derivados del cripto-crimen.
- 03_20/05/2022, JDCP_ El manejo y el valor probatorio de la prueba o evidencia digital en los procesos judiciales "Una transición en el derecho penal del entorno físico al entorno digital" Aspectos técnico jurídicos.
- 04_20/05/2022, MDC – PJ_ Actualización y desafíos de las investigaciones de organizaciones cibercriminales complejas: Caso Real en Curso.
- 05_22/05/2022, IFPP_ Diligencias de investigación en el ámbito de los criptoactivos.
- 06_24/05/2022, JMAM_ Cadena de custodia y evidencia electrónica.
- 07_27/05/2022, RFM_ Investigación y tecnología, ¿Cómo obtener pruebas que no vulneren los derechos fundamentales y sean admitidas en derecho?
- 08_29/05/2022, CS_ Investigación mediante técnicas OSINT y Virtual Humint.
- 09_31/05/2022, CVBR_ Validez probatoria de los documentos electrónicos conforme a las disposiciones establecidas en la Ley N°6822/2021 "De los servicios de confianza para las transacciones electrónicas, el documento electrónico y los documentos".

- 10_31/05/2022, EPM_ "Fundamentos de Investigación Tecnológica en el ámbito jurídico: "LA PRUEBA DIGITAL".
- 11_01/06/2022, CS y AMB_ Ciberpatrullaje y agente encubierto informático: técnicas y nuevos desafíos.
- 12_01/06/2022, GHAP_ Falsificaciones en pruebas digitales.
- 13_01/06/2022, APV_ Problemática jurídica en casos de ransomware. Negociaciones y pago.
- 14_01/06/2022, HA - MG – AJM_ Workshop intensivo sobre investigación de casos vinculados con criptoactivos.
- 15_01/06/2022, MAT_ Cadena de custodia de la evidencia electrónica: desde el Primer Interventor hacia la Cooperación Internacional.

Fourth: Candidates. The characteristics of candidates and proposals are regulated in the second section of the bases and are reflected in the following sections.

Any natural or legal person (the candidate) may submit a proposal, although the proposed speaker must be a natural person over 18 years of age. INCIBE employees or people on a scholarship at INCIBE may present as speakers.

The minimum number of proposals that guarantee the correct development for each of the four training programmes of the *Cybersecurity Summer BootCamp* and its variants in English version will be selected, of which they will be:

- A programme aimed at members of Security Forces and Agencies working in operational units related to cybersecurity (FCS).
- A programme aimed at technical staff working in Security Incident Response Centres (CSIRTs).
- A programme aimed at active personnel belonging to the judicial or prosecutorial careers, state attorneys, civil servants in the Justice Administration (Public Prosecutor's Office, judges and prosecutors).
- A programme aimed at staff from regulatory or legislative bodies working in areas related to the legal and regulatory aspects of cybersecurity (Policy Makers).

In the event that additional needs for papers, workshops or talks may arise in the agenda of the event. To address this scenario, the following will be developed:

- a) **Ranking of selected proposals:** This list will correspond to the best proposals taking into account the academic programmes of the typologies indicated above and will be selected as the best proposals applying the evaluation criteria set out in these rules.
- b) **Classification of proposals in reserve:** The selection will follow the ranking of the proposals submitted from highest to lowest score for each typology starting from the proposals not selected in the previous ranking.

Fifth.- Proposals.

All proposed workshops should focus on cybersecurity:

- **Duration:** The minimum duration of each workshop is established according to the theme in section 4.2 THEMES OF INTEREST of the bases.

- Target Audience: Technical profiles and/or professional experts in cybersecurity.
- Price: €250,00 per hour, taxes and deductions not included.
- Types of proposed formats:
 - Technical master classes.
 - Live or pre-recorded demonstrations of technologies or techniques.

Sixth.- The evaluation process is the one regulated by the bases:

1. It will be verified that the topic is related to cybersecurity and is one of the topics of interest described in this call. Proposals not complying with this requirement will be excluded.
2. Proposals will be assessed by using the criteria indicated in section 6 of the bases. Each proposal will be scored from 0 to 100 on the basis of the following criteria:
 - Topic. From 0 to 25 points.
 - Innovation From 0 to 10 points.
 - Adequacy and treatment. From 0 to 15 points.
 - Exhibiting Clarity From 0 to 5 points.
 - Practical Approach. From 0 to 30 points.
 - Educational Value. From 0 to 20 points.
 - Testimonial Value. From 0 to 10 points.
 - Resources. Points awarded: 0 to 10 points.
3. A list will be drawn up for each type of proposal. Proposals will be ranked in order from highest to lowest.
4. The Ranking of selected and reserve proposals will be drawn up as long as those proposals exceed the threshold of **60 points**.

AGREEMENTS

FIRST.- At the end of the deadline for submission of proposals, all the documentation required has been submitted in accordance with the requirements established in the CALL FOR PAPERS Participation Bases, to regulate the participation and contracting of speakers for the Cybersecurity Summer BootCamp 2022 event, Legislation:

- 01_EVN
